NOTICE OF OPEN ENROLLMENT / ACCEPTING APPLICATIONS

This special notice is being provided to announce the open enrollment period for calendar year 2014.

Protect your firefighters from the unexpected expenses that can come from an accident by acquiring any combination of compensation insurance for firefighters (Workers' Compensation, Death, and/or Disability Insurance) purchased from Texas insurance companies.

PROGRAM DESCRIPTION...

The Texas Rural Volunteer Fire Department Insurance Program (HB 3667) is a grant program, not an insurance program. It is designed to reimburse volunteer fire departments for the purchase of insurance from private insurance companies.

WHAT IS ELIGIBLE...

Eligible coverage includes any combination of compensation insurance for firefighters (Workers' Compensation, Death, and/or Disability Insurance) purchased from Texas insurance companies. Policies in force for calendar year 2014 are eligible. The insurance coverage must include a workers' compensation or similar benefit, and a death benefit.

HOW MUCH WILL IT PAY...

The program will reimburse 100% of the actual cost of eligible insurance coverage, up to a maximum of **\$105.00** per fire department member covered in the calendar year 2014.

WHO IS ELIGIBLE...

Any chartered, non-profit volunteer fire department operated by its members is eligible. Any part-paid/part-volunteer department is also eligible, provided the number of paid members is 20 or less. Departments may enter into agreements with cities or counties in order to qualify for coverage and/or special premiums.

All eligible departments must participate in a firefighter certification program administered under Section 419.071 of the Texas Government Code (Texas Commission on Fire Protection), or by the State Firemen's and Fire Marshal's Association of Texas (SFFMA), or by the National Wildfire Coordinating Group (NWCG).
