VFIS Student-Level Program

## Traffic Incident Management (TIM)

Description

The Traffic Incident Management program was developed by responders—for responders, with the objective that nationally; all organizations who respond to roadway incidents acquire a common set of core competencies that promote a shared understanding of the requirements for achieving the safety of responders and motorists, quick response, and effective communications at traffic incident scenes. VFIS has partnered with the Federal Highway Administration in making our program a SHRP2 equivalent program.
